

B2B System Information

Developed with the blockchain architecture.

Easy Interface & B2B system support mobil site interface.

The interface, which can be easily used by every employee, is also automatically detected and works on a mobile phone or tablet.

Product Price List Entegration

You can determine the products that you will sell on the internet on ax and upload price lists, product pictures and additional information.

Integration with Dynamics AX ERP System

Orders entered in the B2B application fall into your Dynamics 365/Ax 2012 application. You can confirm or reject the order via Dynamics AX ERP.

Multi Language Support

If there are users from multiple countries in your organization, Users can use the program in their own language.

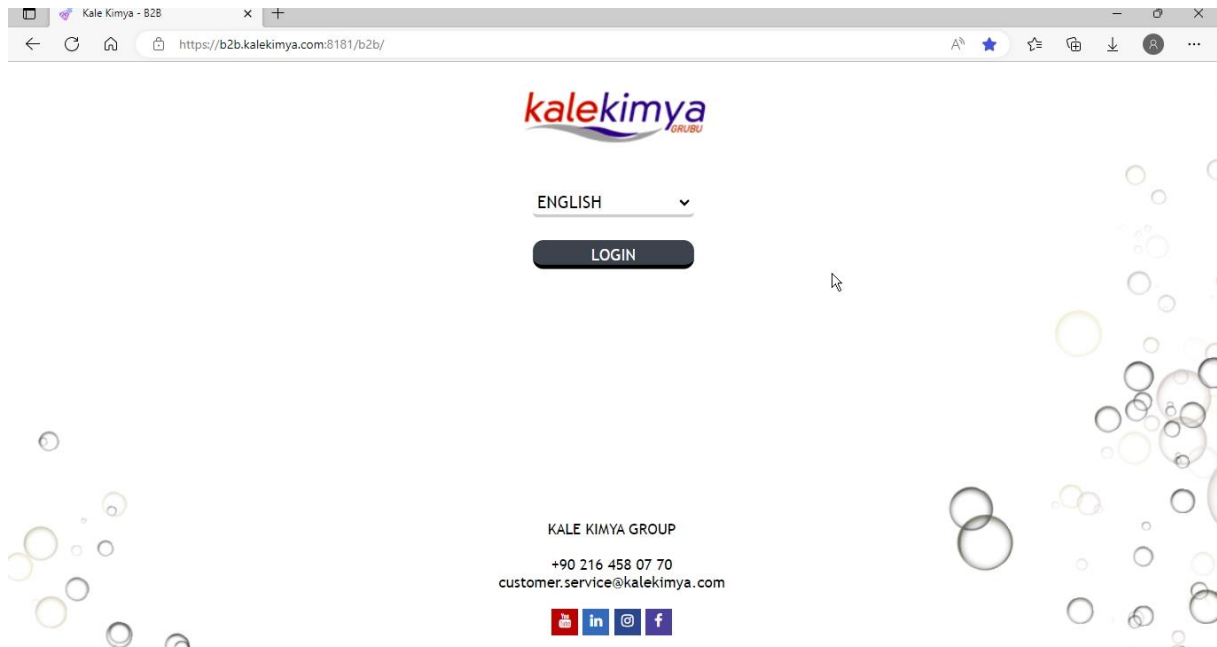

B2B System Specifications

- * Front-end multi-language support including unlimited number of unicode characters (unicode character : arabic, russian, greek, chinese)
- * Unlimited customer price list and external stock code and name integration, article code tracking
- * Fully automatic integration between the validity time of Dynamics AX price lists and B2b
- * Automatic customer account, inventory card, sales order and e-transformation integration between Dynamics AX B2b
- * Active/passive control of customer accounts on B2b side from within Dynamics AX
- * Active/passive control of stock cards (TM,MA) on B2b side from within Dynamics AX
- * Integration of quickly accessing Dynamics AX orders from B2b order control form
- * B2b mobile site integration, mobile phone, tablet, ...etc. compatible screens on any device
- * B2b multi-currency integration and bottom-sum reporting with different currency types on order screens
- * Automatic customer order status (pending, approved, canceled, closed) notification and automatic e-mail integration between B2b Dynamics AX
- * Automatic creation of B2b orders in Dynamics AX with fast warehouse existing control, controlled double-sided editing, addition, deletion of orders between B2b and AX
- * Net weight and pallet weight multiples quantity entry control on B2b order screens specific to the chemical industry
- * Multi-language document management (sds, tds) with unicode character support on B2b screens specific to the chemical industry

B2B System Information

- * Ability to transfer to pdf, excel, xml, csv, copy paste formats in B2b product inquiry, ordering and reporting pages, and transfer service of these printouts to commercial programs on the customer's side
- * B2b product search autocomplete feature (auto-completion as you type)
- * Multi-filter feature on B2b product inquiry, ordering, and reporting pages (-stock code, stock name, chemical name, external code, external name, category, barcode)
- * Ability to quickly extract data table at the time of filter writing on B2b product inquiry, ordering and reporting pages
- * The ability of customers to instantly monitor their order status over B2b and to make controlled changes, additions and deletions.
- * Customers can collect orders with mobile or pc compatible barcode reader during hot sale.
- * Integration of demand and delivery date reporting on B2b and Dynamics AX screens
- * Ordering special samples for the chemical industry through B2b and Dynamics AX integration
- * Ordering quotations for customers over B2b and Dynamics AX integration
- * B2b integration for different sectors in holding companies (B2b users automatically make transactions in their respective sectors on the login screen)

SAFETY DATA SHEET

OXYBENZONE

SECTION 1: Identification of the substance/mixture and of the company/undertaking

1.1. Product identifier

Chemical Name: 2-Hydroxy-4-methoxybenzophenone
 INCI Name: BENZOPHENONE-3
 Other names: Oxybenzone, UV-8, BP-3
 MFCL Code: MFSORB 202
 CAS No.: 131-57-7
 EINECS No.: 205-031-5
 Reach Dossier Type: Full Registration
 Registration number: 01-2119976330-39-0007

1.2. Relevant identified uses of the substance or mixture and uses advised against

Relevant identified uses
 Personal care, cosmetic, and industry.

1.3. Details of the supplier of the safety data sheet

Manufacturer: Hubei MeikaYi Chemical Co., Ltd.
 Contact address: Maoshan Industrial Park, Pengsi Town, Qichun county, Huanggang City, Hubei, China
 Telephone: +86-714-6516948
 Fax: +86-714-6515778
 E-mail: liu.hao@mfcj.com.cn

1.4. Emergency telephone number

Opening hours: 8:30-17:30, Monday-Friday
 Telephone: +86-714-6516948

SECTION 2: Hazards Identification

2.1. Classification of the substance or mixture

Classification according to Regulation (EC) No 1272/2008

Physical hazards	Not classified
Health hazards	Not classified
Environmental hazards	Not classified

B2B System Information

The screenshot shows a web browser window with the URL <https://b2b.kalekimya.com:8181/b2b/bayi/verilenlerbayijsip>. The page title is 'Kale Kimya - B2B'. Below the browser window, there is a 'Main Menu' section and a 'My Past Requests' section. The 'My Past Requests' section includes a filter bar with fields for 'Filter', 'Category', 'Order No', 'Status', 'First Date' (01.11.2012), and 'Last Date' (23.11.2022). Below the filter bar, there are buttons for 'Show 50 rows', 'Copy', 'Excel', 'JSON1', 'JSON2', and 'XML'. A table of requests is displayed with columns: A, Cust, Date, Request Date, Delivery Date, Order No, Chemical Name, Foreign Currency, Unit Price, Qty, and Amount. A calendar overlay is visible over the table, showing the month of November 2012. The table contains 5 entries. At the bottom of the table, there is a 'Total Amount' section with values: 184,50 USD, 0,00 EUR, 0,00 TL, and 2.709,86 Gn.TL.
